## Daily Intelligencer.

## EDITORIAL DIRECTIVES.

Mr. Richard Carleton, in Tuesday's debate, and the latter, with reference to the unscrupulous country project, was raised by the Conservatives. True, but no eminent Liberal as the Hon. Edward Blake joined in it.

Mr. Laurier, who flippant manner, who imagines himself the funny man of the Liberal party—got a deserved rebuke from Speaker Edgar for unseemly remarks on Mr. Foster during his speech on Tuesday.

Mr. Laurier states that all public officials who openly interfered in elections should be dismissed. If that rule is to be applied to Liberals as well as to Conservatives, and if Provincial Governments will be dismissed, instead of encouraging by their example, the interference of their officials in Dominion elections, their conduct is by no means objectionable to it.

The Globe is daily straining its constitution in defending the Governor-General from the charge that he strained the constitution of Canada in connection with the rejected order in council.

The principal feature in the Irish "harmony" convention is the flourishing of ornamental sprigs of pillage and the display of macabre and outlandish. The "Kilkenney" act is over again.

It would obviously be unjust that all the big and little guns of the Opposition should be allowed to open their fire, while there is no means of defending himself. Toronto is the only exception.

Beating in mind the insults which the Globe heaped upon the personage in question during the late election, in connection with imaginary order-in-council, it would appear as if the Globe claims the right to "open fire" on that personage, with or without cause. The Conservative press, on the contrary, have never shown a disposition to follow the example of the Globe in criticising the representative of the Crown in Canada; but now that Lord Aberdeen has departed from precedent; has been shown to have strained a point against the late Conservative Administration, on his own evidence in the nature of an excuse, which is the most formidable accusation against him; and has given expression to unvarnished criticisms of our Judges and Senators, the Conservative press will be found ready, on numerous occasions of like kind, firmly but moderately upholding the rights of the people.

## THE GOLD DEMOCRATS.

Senator Parker of Illinois nominated for President of Kentucky for Vice President.

Indiana, Sept. 3.—With the nomination of Senator John M. Palmer of Illinois for President and General Simon Baker of Kentucky for Vice President, the adoption of a platform, the Convention of the National Democratic party, the anti-free silver wing, adjourned after six days.

The platform states that the Democratic party is pledged to equal and exact justice to all men of every creed and condition; to the largest freedom of the individual, consistent with good government; to the protection of the Federal Government in its constitutional rights; to the support of the States in all their rights; to economy in the public expenditures; to the maintenance of the public debt and sound money, and it is opposed to protectionism and all claims legislation. It says in regard to taxation, that tariff, excise or direct, is rightly imposed only for public purposes, and not for private gain. Its amount is justly measured by public necessities, which should be limited by the necessities of the people.

It is declared that the demand of the Republican party for an increase in tariff taxation has its pretext in the claims of the protection of trade, and that the demand for an increase in tariff taxation has its pretext in the claims of the protection of trade.

The gold standard is emphatically affirmed. The Democratic party is in favor of the gold standard, and it is opposed to the use of paper currency.

The Democratic party is in favor of the gold standard, and it is opposed to the use of paper currency.

## IN THE SENATE.

Mr. Mackenzie Howell Makes a Pointed Speech on the Address.

(From the Official Report.)

The address in reply to the speech was moved by Senator Howell, according to the order of the day, and was delivered by Mr. Mackenzie Howell.

There has been in the past to congratulate the young men of the House of Commons, and also of the Senate, for the manner with which they have conducted the business of the Government, in moving and seconding the address.

Whether the two hon. gentlemen, the one who has just spoken, and the other who has just moved the address, can be said to have conducted the business of the Government in a manner which is worthy of the House of Commons, and also of the Senate, is a question which I leave to the House to decide.

## A LETTER THAT SPEAKS FOR ITSELF.

It Comes From a Well Known Montreal Business Man.

Strong Statements That Could Not Be Obtained From Such a High Source for Any Other Medicine in the World.

Mr. B. Hutchins, of the firm of B. Hutchins & Co., Montreal, writes about a letter which he has just received from a well known Montreal business man.

"The letter," says the man, "is from a man who has been in the business of the Government for many years, and who has seen many of the best men in the country."

There is nothing to prevent anyone from sending a letter to the Government, and there is nothing to prevent anyone from sending a letter to the Government.

How these dear brethren of the Liberal persuasion do love each other, to be sure! A few years ago Mr. John Charlton, M.P., wrote a letter in which he said that he had no confidence in the future of his party.

It is possible to prevent many diseases by drinking water. The French physician says typhoid fever can be washed out of the system by water.

It is a good plan to have always in the house some absorbent cotton and some water. It is a good plan to have always in the house some absorbent cotton and some water.

## PHOTOGRAPHY IS PROGRESSIVE.

Recent Advancement in the Art Has Been Discussed by Professor Herington.

Science has taken a big leap forward, and after all, which is the real surprise, it has not been found in the laboratory, but in the workshop.

Photography has been one of the most progressive of the arts, and it is now being used in many of the most important branches of industry.

The new apparatus is a great improvement on the old, and it is now being used in many of the most important branches of industry.

## THE BORDEAUX CLARET CO.

We do not propose to transfer the reward of industry to the lap of indolence.

We do not propose to give all classes of people Pure Wines right from the vineyards of France and Spain, at prices that are almost incredible.

Just think of \$3.00 and \$4.00 a case for Fine Claret (12 large quart bottles).

We couldn't improve the quality if the price were doubled. Write for Price List.

For special brands, prices, etc., see Saturday's issue of this paper.

Every year, from the time I was two years old, I suffered fully from erysipelas, which kept growing worse until my hands were almost useless. The bones softened so that they would bend and several of my fingers are now crooked from this cause. On my hand I carry large scars, which, but for AYER'S Sarsaparilla, would be sores, provided I was alive and able to carry anything. Eight bottles of Ayer's Sarsaparilla cured me, so I have had no return of the disease for more than twenty years. **IT WAS FARMER'S DAY**

And Farmers Were on Hand in Thousanda.  
The Weather Was Glorious and Everywhere Appeared to be Making a Good Time. Many Were Everywhere and All the While Were in Motion - A Delegation of United States Railroad Men Appeared at the Luncheon.  
Toronto, Sept. 10.  
Yesterday was Farmers' Day, and a glorious day it was. Wind and weather were favorable and the thousands of people from far and near who passed through the turnstiles came to a pleasant day's enjoyment, and they had it to their hearts' content. The buildings were crowded and every nook and corner of the grounds were explored. Bands were stationed at every convenient spot and the music heard on every side. The fair was in full operation, and the ponderous jaws of the stone crusher, which form the principal attraction of the "Good Roads Exhibit," were incessantly grinding between their serrated rows of ponderous great blocks. The huge blocks with which they were constantly fed, and the system of bracing and supporting the structure, were a sight to take a stroll through the fairgrounds. The fair was a success, and the people were in the best of humor. The fair was a success, and the people were in the best of humor.

**BIG BROW N THE HOUSE**  
Jim Lester Called Down by Sir Charles Tupper.  
Hon. Mr. Foster and George Taylor also took a hand in the business, and the Chairman took control of the House in Committee on the Estimates for the High Commissioner's Office. The Executive Minister Prepared to Carry the War Into Africa.

Ottawa, Sept. 10.—(Special.)—Sir Charles Tupper is not to be Minister of the Interior according to the declaration made by Mr. Laurier this afternoon. The First Minister said that portfolio was to be given to a "gentleman in the Northwest," and as Mr. Martin does not come within this category, it is evident he is not destined to become one of Mr. Laurier's colleagues. The Premier stated that the portfolio would be filled could not be given definitely. For the present he considered it was better to let the matter rest until the public interest further delay was explained.

Sir Charles Tupper said Mr. Laurier had been very kind to him, and he supposed the House would have to wait for a while. On the first day of his work, Mr. Laurier wanted to know if Mr. Tupper intended taking such a position as he had been dismissed until such time as he was ready to resign. Mr. Tupper said he had not intended to do so, but he had been told that those who had nothing to do were not wanted in the House.

When the item for the Trade and Commerce Committee was taken, Mr. Laurier said that he was only a few months away from the House, and he had been told that those who had nothing to do were not wanted in the House. Mr. Tupper said he had not intended to do so, but he had been told that those who had nothing to do were not wanted in the House.

**TO SETTLE IT IN IRONE**  
Pope Leo Will, it is Said, Arrange the School Question.  
There is said to be a difference of opinion among the Bishops as to what was the settlement Mr. Laurier desired to make of Catholic References in Manitoba, and the Holy Father is to decide a new line of policy on this question.

Montreal, Sept. 10.—(Special.)—The following special from Ottawa: The extraordinary rumors are in circulation in political circles since the departure of Mr. Laurier and Mr. Tupper. It is asserted that they are going to meet Mr. Laurier and Mr. Tupper in the most quiet manner, and to settle the question of the Bishops of the Holy See. The Bishops of the Holy See are in a position to settle the question of the Bishops of the Holy See.

Mr. Laurier said that he was only a few months away from the House, and he had been told that those who had nothing to do were not wanted in the House. Mr. Tupper said he had not intended to do so, but he had been told that those who had nothing to do were not wanted in the House.

**THE NEW SYSTEM OF HEATING AND VENTILATION—A Modern System in Every Particular—Increased Accommodation for the Pupils and Teachers—The Cost of the Changes.**

The improvements to the High and Central School building, which were begun early in July, are now practically completed and everything is ready for the opening on Monday by Saturday evening. A reporter of the paper went through the building yesterday afternoon and with a view to give some idea of the changes in the following paragraphs.

In approaching the building those familiar with the old exterior will at once note the transformation. The three old entrances from the front have been closed up and a two-story wing built at either end. The new entrance hall, the High and Public Schools are through these wings. The passage of the Public School, which, as before, down stairs, enter through the door nearest the main building, the girls at the north end and the boys at the south. The High School pupils enter the door of either wing and ascend an easy flight to the second floor. The High and Public Schools are through these wings. **SUICIDE AT COBOURG.**

**An Unfortunate Man Ends his Life—Mourning Preliminaries—Death Watch.**

Cobourg, Ont., Sept. 11.—James Harrison, about fifty years old and a hairdresser by trade, left his home on Saturday night at 12 o'clock and has not since returned to the city. As he did not return his wife and some neighbors began searching for him. His wife, who is a young lady named McLaughlin, discovered the body floating near the end of the long pier. It is not likely an impostor will be held as the circumstances pointing to suicide are so numerous. Harrison leaves a wife and three children. Arthur Prouty, who was yesterday sentenced to be hanged here on Dec. 17th, for the murder of Mrs. Lincoln in June last, has been placed in an isolated cell and under John McIntyre, the special death watch.

Infests the blood of humanity. It appears in varied forms, but is forced to yield to Hood's Sarsaparilla, which purifies and vitalizes the blood and cures all such diseases. Read this:

"In September, 1901, I was miserably afflicted with scrofula. Very soon afterwards, two inches across and in a walking pace I began to feel any pain. The disease became worse; I could not put my foot on and I thought I should have to give up every day. I could not get any rest and had to stop work. I read of a cure of a similar case by Hood's Sarsaparilla and decided to try it. I began to feel better after two bottles the sore had healed and the swelling had gone down. My

# PREBTERY OF KINGSTON.

Consent to Mr. T. J. Thompson—General Business—Next Session to be held in Belleville.

The regular quarterly meeting of the Presbytery was held in St. Andrew's Hall, Kingston, on Wednesday.

The Rev. W. McVay and Mr. Macmillan were appointed a committee to draw up a resolution of condolence to be forwarded to the Rev. T. J. Thompson, Belleville, in reference to the death of his wife. They drew the following resolution:

"The Presbytery has learned with profound regret of the sore affliction which has befallen one of its members, the Rev. T. J. Thompson, of the Church of his wife, and deplores with Mr. Thompson the loss which he has sustained, and which his congregation and the church have sustained with him in the early and sudden removal of one more than usually gifted by her domestic affection, her Christian devotion and her cultured mind, for work of a high order in the Master's service. The Presbytery extends to Mr. Thompson and his congregation, in their common bereavement and sorrow, its heartfelt sympathy, and prays that the Father of all mercies may comfort him in the minister and his congregation with the comfort which He has promised His own people, and that the Presbytery instruct the Clerk to send a copy of this resolution to Mr. Thompson."

The Clerk reported that he had called on Mr. Thompson, who he had called on in the call of St. Peter's church to the Rev. W. McVay. The call was signed by all the congregation, and the pastor's salary fixed at \$600 per annum and a session. Mr. McVay, an elder from Malise, spoke in favor of the new minister. The congregational meeting was very large and the call was unanimous. It was moved that the call be sustained, that the documents be forwarded to Mr. McVay, and that in the event of Mr. McVay accepting the call, he will be inducted on Tuesday, October 18th, at 3 p.m.—Carried.

It was proposed that Rev. John Macmillan preach the induction service, that the Rev. Principal Grant address the newly appointed minister, and the Rev. Mr. McVay address the people.—Agreed. The Clerk reported having visited the mission stations, at Co. Hill, Thessalon, Division Court Office, Bridge St., opposite the Court House, first floor, and of W. W. O'Brien's, 100, Station Road.

IF YOUR EYES

Need medical treatment, you will find that you can get it at a small cost. If you simply send glasses we will tell you so and provide the remedy. But if there is the remote possibility of the more thorough work of an oculist, we will also tell you so and charge nothing for the discovery. We correct all eye defects.

# THE DEAF AND THE DEED.

United Effort Necessary to Secure it for Belleville.

At the meeting of the Masonic Grand Lodge in this city in July a committee was appointed, with Mr. Walter Burwick, of Toronto, as chairman, to go into the matter of the establishment of a Masonic Home or Asylum. The Mayor, in his address to the Grand Lodge, offered a free site for the institution and the offer was very favorably received by Grand Lodge. Mr. Burwick, writing to a friend in this city, soon after the annual communication, said, in connection with the Grand Lodge, Belleville was considered the best place for such an institution and he was of the opinion that it should be established.

Now this question is not a fraternal matter, but one that should be assisted by every citizen. If the home can be secured it means the expenditure here of a large sum of money for buildings, etc., besides a large sum each year for maintenance. The Mayor, in his recent address to the Council, called the attention of his conferees to the necessity of immediate and definite action, and it is to be hoped the suggestion will receive due consideration at once.

There is an asylum fund of about \$1,800 in Grand Lodge and besides this a large proportion of the income of the funds of Grand Lodge, which amount to upwards of \$100,000, is available for charitable purposes. Mr. Burwick could write, in a later letter, that the private lodge of Toronto alone will contribute \$1,000 for the maintenance of such a home, no matter where it is established. This sum, with that other lodge would give a substantial grant from Grand Lodge, would maintain the institution in the midst of the city.

The point we wish to impress on the citizens is immediate and concerted action in this matter. Let the Council get options on different sites, and submit a definite proposal to the Grand Lodge, so that they can thoroughly digest it and report at next meeting of Grand Lodge. This course is taken there is little room for doubt that Belleville will secure a grand institution, but if the very favorable suggestion created in the minds of the delegates to Grand Lodge is allowed to wait off some other city or town will get in and capture the prize.

## Two Well-known Men Dead.

Since our issue of Saturday two well-known residents of the city have passed away.

BYRON C. MCCABER.

At ten minutes to eleven o'clock on Saturday evening the late Mr. McCaber died at his residence on Albert at after a long illness. About two years ago he contracted a heavy cold, which terminated in consumption. For three weeks he had been confined to his bed and his life simply ebbing away.

Deceased was born at Kemptville thirty-four years ago and came to this city about fifteen years since. He was an active man and for several years filled the position of Secretary of the Cheese Board of Truro. He was married about nine years ago to Miss Eliza Jones, daughter of John L. Jones, a well-known manufacturer. One child, a girl of three years, and his wife survive him. His mother, who lived with him and a brother in Denver, are the only surviving members of the deceased's family. Mr. McCaber was a cousin of Mr. J. K. McCaber, cheese expert. Deceased was a member of Moira Lodge No. 11, H. A. F. & A. M., and he will be interred under the auspices of the fraternity at 10 a.m. to-morrow in the cemetery. He was a popular man among his associates.

Very sad indeed was the death of Mr. J. W. Minor at four o'clock this morning at his rooms in the Caldwell block. Deceased was taken ill with heart trouble about three weeks ago and was taken to hospital, where he soon rallied and was able to get out again last week. Mrs. Minor was awakened by her husband's heavy breathing, and before she could summon assistance he was dead.

Deceased was born at Newfane, near Port Colborne, sixty-four years ago and was married about forty years ago. He had lived in St. Catharines, St. John's, Owen Sound, Buffalo, New York and Toronto, and came to this city nine years ago. Deceased was a native of Newfane, New York. He was married to Mrs. J. W. Minor, who was a native of Newfane, New York. He was married to Mrs. J. W. Minor, who was a native of Newfane, New York.

**Pea Jackets or Short Overcoats.**  
You must likely call them pea-jackets, some may really think they are jackets, or more or less than a short overcoat. The Oak Hill has a most complete range in these coats, and there are none, anywhere else, door way, that cannot get any other coat to fill the bill. Made warm, with and without high collar, price from \$10.00 to \$15.00. They come handy right this time of the year.

**Opening Night at Power's.**  
To-night at eight o'clock, Dan McCarthy will open the new house with his latest success "The Irish Greenhorn," an interesting Irish drama in three acts, full of comedy, good singing and good acting.

"Lessons from Queen Victoria's Reign."

Last evening Rev. Mr. Maclean, at St. Andrew's Church, preached an excellent sermon upon this subject, taking for his text Proverbs xiv, 34: "Righteousness exalteth a nation." The speaker made an earnest call to loyal activity, not only in our own country, but in the world. He pointed out that it is not the wealth or the wisdom of a nation that will either exalt it or make it permanent. All the great empires of the past had been weighed in the balance and found wanting. Even the light that beamed about a throne the Queen had never been able to sustain the weight of the world. The speaker pointed out that it is not the wealth or the wisdom of a nation that will either exalt it or make it permanent.

At a recent meeting of the Young Women's Christian Temperance Union held at the Kingston lunatic asylum, the speaker made an earnest call to loyal activity, not only in our own country, but in the world. He pointed out that it is not the wealth or the wisdom of a nation that will either exalt it or make it permanent.

Recently abandoned, and the show of trying to get Tyra out of the lapsed into empty humbug. The two former may get harshly handled in Scotland if Highland hands them over, but as far as England and Scotland Yard are concerned their sensational arrest, like Tyra's, was a mere piece of reclamation. All that is substantial is the fact that Ivory will go into penal servitude. So far as can be seen Ivory's accomplices got his money, sent him to the police, and then either they or some of his confederate were taken to America.

"What?" they gasped, in surprise.  
"I can't do it," repeated Anne. "I'll tell you why. You know my mother-in-law? I've beat her in the world to me for, and if I come to grief with which her. The poor thing, sometimes only just managed to get away, and I tell you, for her sake I won't risk this.
